The purpose of the Diploma Supplement is to provide sufficient independent data to improve the international 'transparency' and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It is free from any value judgements, equivalence statements or suggestions about recognition. This Diploma Supplement model was developed by the European Commission, Council of Europe and UNESCO.

1. INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION

- 1.1 Last name(s): Razmadze
- 1.2 First name(s): Beka
- 1.3 Date of birth (day/month/year): [REDACTED]
- 1.4 Student identification number or code (if available):
Citizen's personal num [REDACTED]

2. INFORMATION IDENTIFYING THE QUALIFICATION

- 2.1 Name of qualification and (if applicable) title conferred (in original language):
Bachelor of Economics (ekonomikis bakalavri)
- 2.2 Main field(s) of study for the qualification :
Economics

2.3 Name and status of awarding institution (in original language):

Legal Entity of Public Law - Ivane Javakhishvili Tbilisi State University - was founded in 1918 (www.tsu.edu.ge), was authorised by the Council for the Authorisation of the Educational Institutions (Resolution №53 of the Council for the Authorisation of the Educational Institutions, dated 27 August 2018). /Sajaro samartlis iuridiuli piri-ivane javakhishvilis saxelobis tbilis saxelmwipo universiteti, daarsebuli 1918 wels (www.tsu.edu.ge), avtorizebuli umaglesi saganmanatleblo dawesebulebebis avtorizaciis sabchos 2018 wlis 27 agvistos №53 gadawyvetilebit/.

2.4 Name and status of institution (if different from 2.3) administering studies (in original language):

Not different from 2.3 / ar gansxvavdeba 2.3-sgan

2.5 Language(s) of instruction/ examination: Georgian

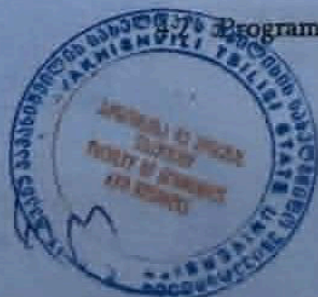

3. INFORMATION ON THE LEVEL AND DURATION OF THE QUALIFICATION

- 3.1 Level of the qualification: Bachelor, The National Qualifications Frameworks – Level 6
- 3.2 Official duration of programme in credits and/or years: 240 ECTS Credits
- 3.3 Access requirements(s): A General education diploma

4. INFORMATION ON THE PROGRAMME COMPLETED AND THE RESULTS OBTAINED

Cumulative Grade Point Average (GPA): 3.8

4.4 Grading system and, if available, grade distribution table:

Since 2009 the student's knowledge is being evaluated according to the following system: "Excellent", "Very good", "Good", "Satisfactory", "Sufficient", "Marginal fail" and "Fail"

A student is evaluated in accordance with the following principle:

Scores	Evaluation	Classification of Evaluation	GPA of Evaluation
91-100	(A) Excellent	Positive	4.0
81-90	(B) Very good	Positive	3.0
71-80	(C) Good	Positive	2.0
61-70	(D) Satisfactory	Positive	1.0
51-60	(E) Sufficient	Positive	0.5
41-50	(FX) Marginal Fail	Negative	0
40 and below	(F) Fail	Negative	0

The student's final mark in a specific subject is determined by the number of scores collected by him/her in the respective type of studies (lecture, seminar, practical studies, laboratory exercises) in the course of interim and final (examination) evaluation.

4.5 Overall classification of the qualification (in original language):

Bachelor's Diploma with honors (Bakalavris diplomi tsarchinebit)

Cumulative Grade Point Average (GPA): 3.8

Paragraph 8. Information on National Higher Education System²

Conditions for entry and admission to a higher education institution:

- The holder of the general education certificate or equivalent shall have access to the first level of higher education - at the Bachelor level, within the first level of higher education or to the short cycle and to the integrated (Bachelor; Master) programs related to it.

Unified National Exams are prerequisite on the short cycle and integrated programs, implemented within the higher education program at the first stage of higher education;

- A person holding Bachelor's degree or equivalent qualification has access at the second stage of higher education, at the Master level. Prerequisites for admission to the Master's programs are the Unified Master Exams. Additional conditions for admission are determined by the higher education institution.

- A person holding Master's Degree or equivalent qualification has access at the third stage of higher education - Doctoral level. The admission requirements are determined by the higher education institution.

Types of higher education institutions:

According to legislation there are the following types of higher education institutions in Georgia:

College - a higher education institution providing only an undergraduate (Bachelor's Degree) educational program;

Teaching University - a higher education institution, implementing a higher education program (s) (other than a doctoral degree). Teaching University necessarily implements the educational program/programs of the second level - Master's degree;

University - a higher education institution providing master's and doctoral degree programs or all three stages of higher education programs and scientific research.

External quality assurance (authorization) procedure is required to obtain HEI status. Higher education institutions can be both public and private legal entities.

Higher Education Qualifications and National Qualifications Framework

In Georgia the three-tiered higher education system exists since 2005 and includes Bachelor's, Master's and PhD degree programs according to the stages. In addition, there are integrated programs (Medicine, Dentistry, Teacher's education, Veterinary) uniting Bachelor and Master levels and by the learning outcomes corresponds to the master's level. There also exist short cycle programs within the first stage or related to the first stage.

Compliance of the Higher Education Levels and National Qualifications Framework with the 5th and 8th levels are given in the scheme. The National Qualifications Framework of Georgia is an 8-level system, each level of which is described by generalized learning outcomes.

Level of the National Qualifications Framework	Higher education level	qualifications	ECTS credits
8	The Third level	PHD	At least 3 year including not more than 60 credits of learning components
7	The second level	Master; Medical doctor /MD; Doctor of Dental medicine (DMD); Master of Veterinary Medicine (MVM) Master of education; The certificate of veterinary training	60-120 360 300 300 300 60
6	The first level	Bachelor degree The certificate of teacher training	180-240 60
5	Short cycle	Associate degree	120/180

Quality Assurance

Higher education institutions in Georgia are required by law to operate in compliance with the internal and external quality assurance standards.

Georgia's external quality assurance system consists of Authorization and Program accreditation. External quality assurance is implemented by LEPL - National Center for Educational Quality Enhancement.

The authorization to HEI is granted for the period of 6 years.

Authorization is obligatory for all HEIs in order to be allowed to carry out educational activities and issue a diploma that is recognized by the state.

Accreditation is a programme evaluation, which determines compliance of a programme with the accreditation standards. Accreditation is obligatory for regulated professions and doctoral programmes. It is not obligatory to be accredited for the rest of the programmes. However, higher education programme have to be accredited in order to be eligible for national grants. Accreditation period in case of re-accreditation of the program is 7 years, new program accreditation is for the period of 4 years, conditional accreditation term is the period of 2 years.
